Approved For Release 2000/08/26 : CIA-RDP71T00730R000600060018-2 25X1A6c CLASSIFICATION **CONTINUATION OF** DISPATCH 25X1A6a chief research effort is targeting, and as industrial targeting is accomplished at a higher level, their interests are specifically military targets, including occasionally transportation and communication centers. 5. The project initiation memos and the future research program as outlined in N.RP FY-61 are helpful in pointing out the direction of current research. We also find the CSB and GMs are particularly useful to components. 25X1A economic intelligence, plus field reports, largely meet the needs of consumers for dealy information on which to base their briefings. Our role, in addition to dissemination, includes interpretation of items on request and the supplying of additional background materials, chiefly based on our files of previously published intelligence or our own knowledge derived from past substantive responsibility. Our library also provides a useful storehouse for researching to service detailed queries in the economic field by Serial publications of , which include current 25X1A6a **○**€ 25X1A6a rield by 29 September 1960 25X1A9a Distribution: 2 - Addressee 1 - C/FE 1 - c/, Attn: Asst for DDI CLASSIFICATION Approved For Release 2009/08/26 : CIA-RDP71T00730R000600060018-2
